

Family Manager Coaching

Conquer
Chaos!

Overwhelmed? Out of Control? You're not alone.

TV moms make it look so easy. They run households, marathons and businesses. Their children are gifted, their husbands devoted, their thighs toned. They never seem to break a sweat or a fingernail, and look perfect when they sit down for family dinner.

Your reality? Clutter's everywhere, your calendar's overflowing, bills are piled high, dinner's happening - maybe, and no time's left for you.

Hang on help is on the way from a Certified Family Manager Coach!

Oprah, HGTV, *Ladies' Home Journal*, *Family Circle* and many other media outlets have featured Family Manager Makeover stories. The proven Family Manager system, created by best-selling author Kathy Peel, is based on sound business strategies that help busy families deal with clutter and get organized, simplify complex schedules, get family members working like a team, and find time for fun.

Certified Family Manager Coaches are now located nationwide, trained and ready to help you create a happy, organized home. Using our exclusive Family Manager Assessment Tool, a Coach will identify key areas of stress and offer a customized plan of action and the help you need to reach your personal goals for your home, family, and personal life.

What Others Say

"Thank you for what Family Manager has done for us moms trying to do it all. You bring sanity to the equation of balancing home and career." Allison G., Rochester, NY

"The family manager system gave me perspective and a plan. It has changed our home, and even made our marriage better." Katherine E., Sacramento, CA

"We are a military family, and move frequently. You helped me keep clutter to a minimum so our moves are much easier." Robin S., Clarksville, TN
